All One-Day Grade Finals are played on the Saturday only.

- **Ground allocations for all finals matches shall be at the discretion of the Management Committee.**
- Normal match rules apply in all finals matches i.e. the team batting first must declare after 75 overs or at 5.35 p.m. A fine of \$10 per over is imposed for every over not bowled at 5.35 p.m.
- The highest qualifying team shall perform the flags and match scores duties both days.
- **For player eligible to play in a finals match see By-law 6.2.1.**
- A player eligible to play for a higher grade team may also play a finals match for his Club's next lower grade team provided that both teams are playing in finals matches on the same day.

WET WEATHER RULES

Fitness of ground, weather and light Law 3(8) - Laws of Cricket

The umpire is the sole judge of the fitness of the ground, weather and light for play.

- If the umpire considers play should cease because of bad weather but both captains wish to continue, then play shall continue.
- After play has been suspended, it is entirely up to the umpire, without consulting the captains, as to when play should re-commence.

If there is no Association umpire officiating PCA By-Law 14.2.3

- Both captains should make every endeavour to play cricket.
- If the captains cannot agree on whether there should be play:
 - Play continues if players are on the field
 - Play does not re-commence if players are off the field
 - Commonsense should prevail and the reality of the existing weather conditions should be taken into account. Play should not take place in persistent or heavy rain where conditions make play unsafe for either the batsmen or the bowlers and fieldsmen.
 - If the players are off the field and the captains cannot agree regarding the re-commencement of play, the players of both teams must remain at the ground until **5.50 p.m.** (**6.20 p.m.** in 1-day matches). If players of one team leave the ground, that team is liable to forfeit the match.

Wet weather just prior to tea interval Law 16(3) - Laws of Cricket

- If a stoppage caused by bad weather takes place within 30 minutes of the afternoon tea interval, afternoon tea shall be taken immediately.

Reduction in the number of overs PCA By-Laws 4.3.1, 5.3.1

- If the start of a match is delayed or play during a match is halted by rain, one over is deducted from the 75 overs for every 3 1/2 minutes, or a part of 3 1/2 minutes, of play lost so that each team receives the same number of overs.
- If one or both teams receive fewer than 15 overs in 1-day matches because of rain, bad light, etc., the match is a draw.

Examples: [2-day matches]

[Team A bats first; Team B bowls first]

- (1) If 25 minutes is lost on Day 1, 8 overs are deducted and Team B bowls 67 overs to Team A. Team B then bats for 65 overs.
- (2) If Team B bowled 75 overs on Day 1 and 25 minutes is lost on Day 2, 8 overs are deducted on Day 2 and Team A bowls 67 overs to Team B. If Team B is not dismissed in the 67 overs and does not pass Team A's score, the match is a draw.
- (3) If 25 minutes is lost on either day, 8 overs are deducted and the bowling team bowls 67 overs.

However, if the 67 overs are bowled prior to **5.50**, play continues until **5.50** or when 75 overs are bowled, whichever occurs first.

Examples: [1-day matches]

[Team A bats first; Team B bowls first]

- (1) If 16 minutes is lost, 5 overs are deducted and Team B bowls 35 overs to Team A. Team B then bats for 35 overs.
- (2) Team A bats for 40 overs and scores 160 runs. If 18 minutes is lost when Team B bats, 6 overs are deducted and Team A bowls 34 overs to Team B. If Team B is not dismissed in the 34 overs and does not pass Team A's score, the match is a draw.

More than 60 minutes of play is lost PCA By-Law 4.3

- If a total of more than 60 minutes is lost in either team's first innings because of rain, bad light, etc., the batting team must close its innings after 75 overs.
- If there is no first innings decision, the match is a draw.

PERTH CRICKET ASSOCIATION

A GUIDE FOR SCORERS

- Scorers from both teams must sit together whilst scoring
- Record the score at the end of each over and balance batting and bowling figures at least once every 5 overs
- Have a routine:
 - (1)add runs to the batsman's score
 - (2)add runs to team total
 - (3)add runs against the bowler
- Recognised symbols in the bowlers' figures are
 - (1)wide ball - **W**, or **W** surrounded by a circle
 - (2)no ball - **N**, or **N** surrounded by a circle, or a dot surrounded by a circle
 - (3)dismissals - shown as **X**, not **W**
 - (4)**penalty runs i.e. ball hitting helmet 5P in a circle**
- Mark off runs in the team total according to the number of runs scored from a ball, not in singles, e.g. show 4 runs as ~~1~~~~2~~~~3~~~~4~~ **NOT** 1 2
3 4 This will make it easier to check whether a scorer has forgotten to mark off runs in the team total, and will make it easier to re-construct the innings if scores do not balance
- Acknowledge all umpires' signals.

- The time of a batsman's innings starts when he enters the field of play and ends when he is dismissed
- Record the names of all fieldsmen and wicketkeepers (for BOTH teams) who take catches or make stumpings - check with the opposition scorer or captain if the name of the fieldsmen is not known
- At the fall of a wicket, mark down the team's score, the name of the batsman dismissed, and the name and score of the batsman who is not out
- A wicket is NOT credited to a bowler when a batsman is out obstructing the field, handling the ball or run out
- Wide balls (1 run) and no balls (1 runs) are added onto the bowler's figures at the end of the over in which they were bowled - byes and leg byes are NOT added onto the bowler's figures
- For a no-ball or wide a one run penalty plus any runs completed by the batsmen shall count.
- The penalty still applies if a wicket falls on the no-ball or wide.
- Wide called - one run to wide plus any runs scored by the batsmen as wides.
- No-ball called - one run to no-ball plus any runs off the bat scored to the batsman.
- No-ball called - one run to no-ball plus any runs not off the bat scored as no-balls.
- Mark M when a maiden over is bowled - an over is NOT a maiden if it includes a wide ball or a no ball
- Show the exact number of balls bowled by a bowler, e.g. 7.5 overs, NOT 7 overs or 8 overs
- Penalty runs recorded as such, not to the batsman, add to score only

4.9.4. If the bowler bowls a ball sufficiently wide on either side of the wicket to make it impossible for the striker, standing in his normal guard position, to play a normal cricket stroke, the umpire at the bowlers end shall call and signal "wide ball".
